DISCUSSION: The employment-based immigrant visa petition was denied by the Director, Nebraska Service Center, and is now before the Administrative Appeals Office (AAO) on appeal. The appeal will be sustained.

The petitioner is a medical center. It seeks to employ the beneficiary permanently in the United States as a research associate (neurophysiology) pursuant to section 203(b)(2) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1153(b)(2). As required by statute, a labor certification accompanied the petition. The director determined that the beneficiary did not satisfy the minimum level of education stated on the labor certification. The director denied the petition accordingly.

The AAO conducts appellate review on a *de novo* basis. *See Soltane v. DOJ*, 381 F.3d 143, 145 (3d Cir. 2004).

In pertinent part, section 203(b)(2) of the Immigration and Nationality Act (the Act), 8 U.S.C. § 1153(b)(2), provides immigrant classification to members of the professions holding advanced degrees or their equivalent and whose services are sought by an employer in the United States. An advanced degree is a United States academic or professional degree or a foreign equivalent degree above the baccalaureate level. 8 C.F.R. § 204.5(k)(2). The regulation further states: "A United States baccalaureate degree or a foreign equivalent degree followed by at least five years of progressive experience in the specialty shall be considered the equivalent of a master's degree. If a doctoral degree is customarily required by the specialty, the alien must have a United States doctorate or a foreign equivalent degree." *Id.*

To be eligible for approval, a beneficiary must have all the education, training, and experience specified on the labor certification as of the petition's priority date. *See Matter of Wing's Tea House*, 16 I&N 158 (Act. Reg. Comm. 1977). The priority date of the petition is July 30, 2008, which is the date the labor certification was accepted for processing by the DOL. *See* 8 C.F.R. § 204.5(d). The Immigrant Petition for Alien Worker (Form I-140) was filed on May 18, 2009.

Upon review of the entire record, including evidence submitted on appeal and in response to a Request for Evidence issued by the AAO, the AAO concludes that the petitioner has established that it is more likely than not that the beneficiary had all the education, training, and experience specified on the labor certification as of July 30, 2008. Therefore, the beneficiary qualifies for preference visa classification under section 203(b)(2) of the Act.

The burden of proof in these proceedings rests solely with the petitioner. Section 291 of the Act, 8 U.S.C. § 1361. The petitioner has met that burden.

ORDER: The appeal is sustained, and the petition is approved.
